

## ADDING BINANCE(BSC) MAINNET IN METAMASK

Step 1: Connect your Metamask wallet and select Settings from dropdown menu list.

From the Setting menu, select Networks and click "Add Network"

Step 2: Fill in the field using following information. Then click 'Save'

- Network Name : BSC Mainnet
- New RPC URL : <https://bsc-dataseed.binance.org/>
- Chain ID : 56
- Currency Symbol : BNB
- Block Explorer URL : <https://bscscan.com>

Networks > Add a network

**⚠** A malicious network provider can lie about the state of the blockchain and record your network activity. Only add custom networks you trust.

<b>Network Name</b>	<b>New RPC URL</b>
<input type="text" value="Smart Chain"/>	<input type="text" value="https://bsc-dataseed.binance.org/"/>
<b>Chain ID</b> ⓘ	<b>Currency Symbol</b> (Optional)
<input type="text" value="56"/>	<input type="text" value="BNB"/>
<b>Block Explorer URL</b> (Optional)	
<input type="text" value="https://bscscan.com"/>	

Step 3: Come back to main page and click the network field in **RED box**.

Then select the network (BSC Mainnet) that was just added to network list

Congratulations! Now you can use BSC Mainnet for NBLU transactions.
